

About Carbonfuture

Carbonfuture helps companies and organizations worldwide on their path to true net zero. As provider of high-quality carbon removal credits and a fully digitized removal platform, the company offers certificates that not only avoid CO2 emissions, but actively remove them out of the atmosphere. With an uncompromisingly scientific approach as well as seamless, tamper-proof supply chain tracking, precise sink modeling, and flexible credit management, Carbonfuture sets the standard for effective and trustworthy climate protection. The goal is to deliver real climate impact: and that means providing carbon sinks in the gigatonne range.
